About the Book

*Neal James releases an intriguing novel.
A fifty year old love letter triggers a chain of events which
threatened the very foundations of democracy in Britain.*

When Julie Martin discovered a fifty year old love letter, little did she know that it would trigger a chain of events which had its roots in the death throes of Nazi Germany. Revelations in the secret files to which it led, threatened the very foundations of democracy in Britain.

The love story of Roger Fretwell and Madeline Colson weaves its magical course through the story and draws together the forces of MI5 and "The Organisation", in a struggle for the secret documents kept hidden for nearly fifty years.

Action packed and highly enjoyable. A page-turner!
